IV STAND - 115

UNIVERSAL IV POLE

MAKING HEALTHCARE PRACTICES MORE EFFICIENT

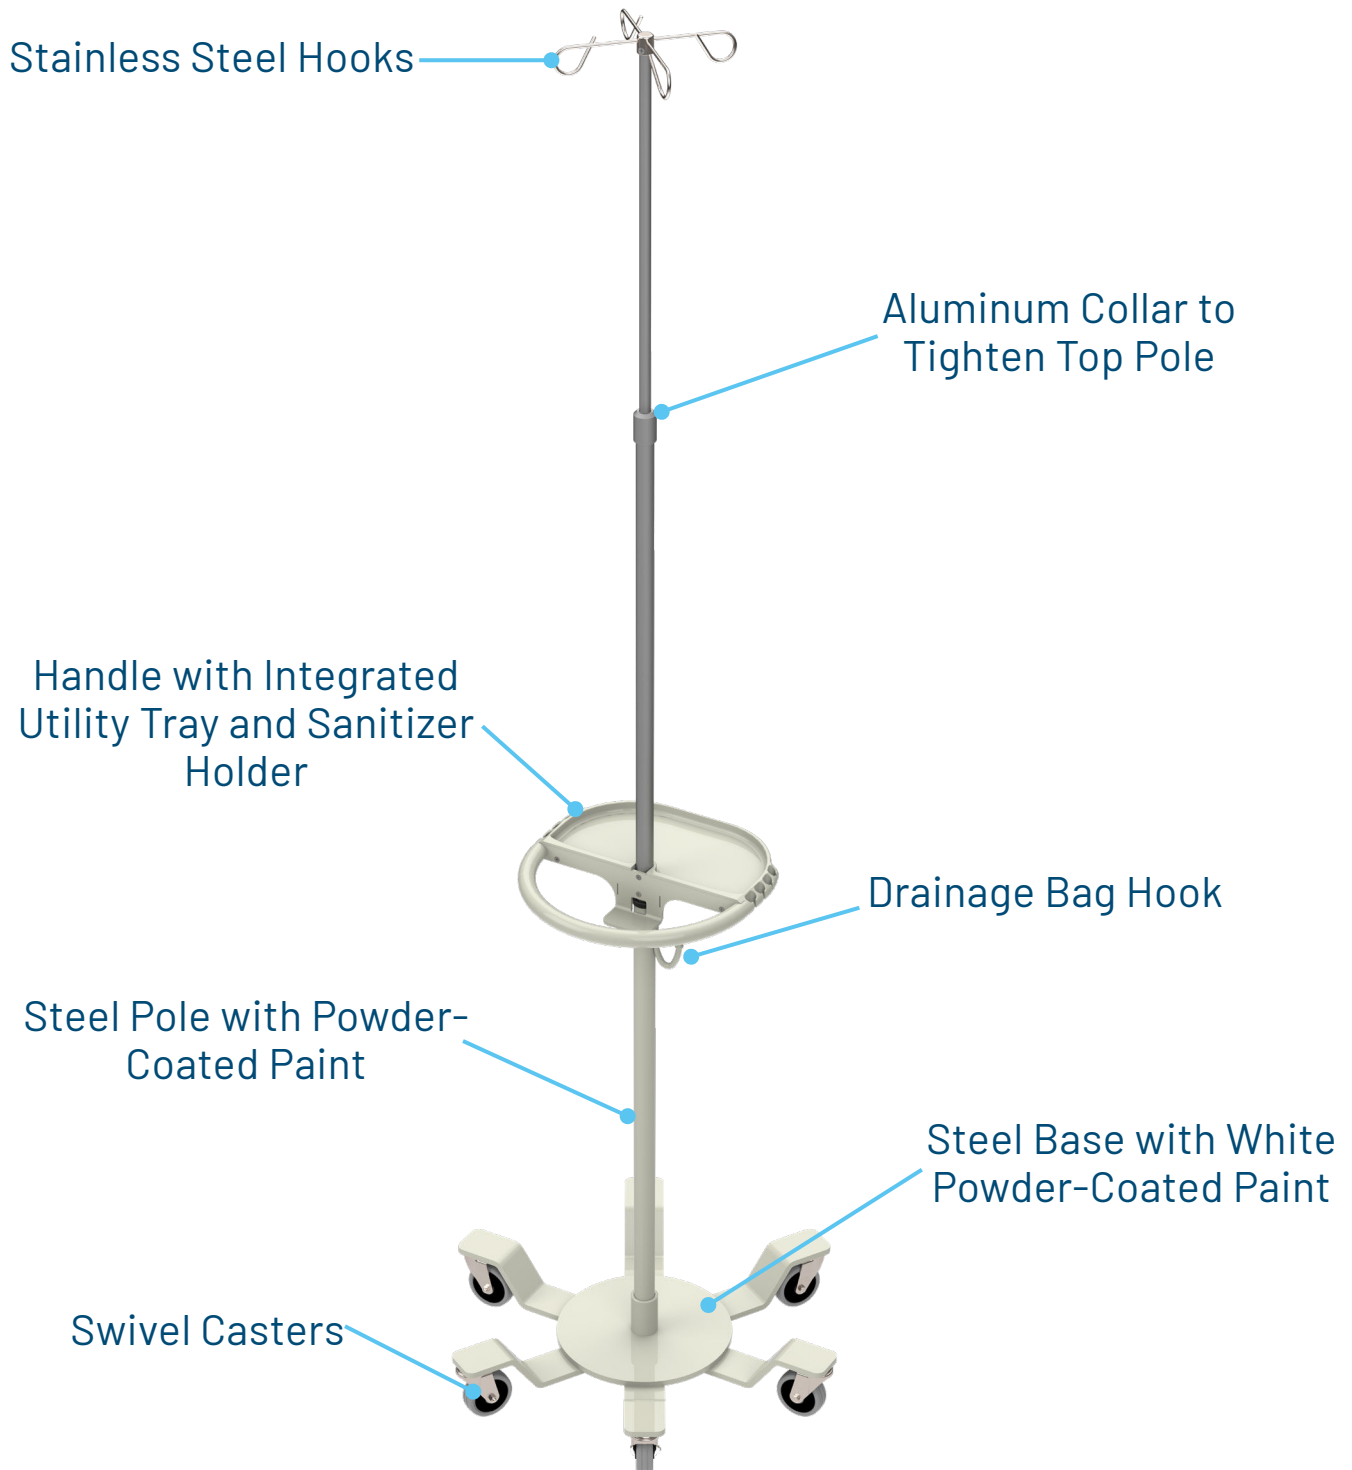

The medium-duty IV Stand - 115 is designed to mount pumps and fluid bags for use in clinical and hospital environments.

The medium-duty IV Stand -115 features a robust pole structure to securely mount medical devices. Its six-legged steel base with a low center of gravity provides high stability. Its silent swivel casters allow for easier intra-hospital mobility.

At Technimount Medical, we understand that healthcare professionals need products that make their everyday practices more efficient. We design and develop quality solutions which are flexible and easy to use, allowing you to concentrate on what matters most - patient care.
