

TECHNIMOUNT
MEDICAL™

FLEX ADAPTER

ADAPTER FOR THE UNIVERSAL MOUNTING BASE

MAKING HEALTHCARE PRACTICES MORE EFFICIENT

The Flex Adapter is designed to create compatibility with a variety of articulated arm systems and roller stands such as GCX, Amico, and other common mounts. Its lightweight and small footprint enables easy installation and positioning in emergency rooms or clinics.

It makes it possible to install the Technimount's Universal Mounting Base and Bracket Pro Serie® products featuring a bottom disc. It is an ideal retrofit solution to be installed on existing arms or other mounting structures in the hospital environments.

TECHNIMOUNT
MEDICAL™

At Technimount Medical Inc. we understand that healthcare professionals need equipment that make their everyday practice easier. We design and develop quality solutions which are flexible and easy to use, allowing them to focus on what matters most - patient care.

Technimount Medical follows the same path as Technimount System, to continuously innovate to make healthcare practices more efficient and safer. Since 2013, Technimount System has been recognized as the leader in the Emergency Medical Services' industry, setting the standard in safe and flexible mounting systems for medical devices.

With the same mindset, Technimount Medical, an ISO 13485 certified company, creates distinctive products that respond to the ever-evolving healthcare practices. Our Technimount Healthcare System™ (THS™) and Healthcare Essentials product lines enable caregivers to move efficiently and safely all the medical devices needed to successfully treat their patients, wherever they are inside the hospital or remotely via telemedicine systems.
