BRACKET PRO SERIE® 350-GR

MOUNTING SOLUTION FOR THE STRYKER LIFEPAK 35®
MONITOR/DEFIBRILLATOR

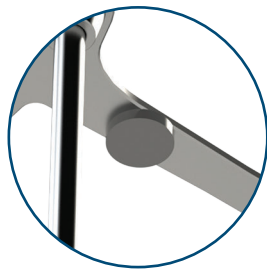

SAFETY AND FLEXIBILITY
WHERE IT MATTERS MOST

BRACKET PRO SERIE® 350-GR

Product Components

The Bracket Pro Serie® 350-GR is engineered to secure Stryker's LIFEPAK® 35 monitor/defibrillator during ground EMS and critical care transport, while delivering unmatched flexibility. Equipped with a standard bottom disc, this mounting solution is compatible with Technimount's Standard and Extended Surface Bases for a seamless transition from countertop to stretcher and wall-mounted applications. It adapts with ease to workflows, ensuring the device is always where it's needs to be.

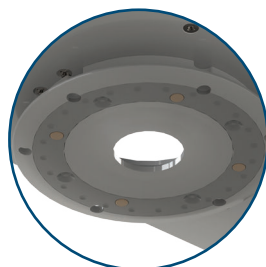

This mounting solution is tested in compliance with the highest industry standards for the safe transport of medical devices.

Highlights

FEATURES & BENEFITS

- Tested in compliance with SAE J3043 and AMD-028, the highest industry standards.
- Standard bottom disc to support multiple mounting configurations.
- Stainless steel rods securely retain the medical device, with or without its original Stryker bags.
- Positioning guides ensures proper device placement inside the bracket and added retention.
- Shims to maintain the device in a perpendicular position for improved retention.
- Bumpers secure the device in place while reducing harmful vibrations that may affect the medical device during transport.
- Integrated handle provides the additional grip to easily rotate or slide the device and bracket from mounting location.
- Full access to the medical device and it's connectors from all angles.

Technical Specifications

Product Name	Bracket Pro Serie® 350-GR
Description	Mounting bracket designed to secure and transport the LIFEPAK 35 monitor/defibrillator
Product Code	230-14-LP35-GR
Operating Environment	– EMS/CCT (ground)
Compliance	Tested in compliance with SAE J3043 and AMD-028
Compatible Mounting System	Standard Mounting Base Extended Surface Base
Compatible Medical Device	Stryker LIFEPAK 35 monitor/defibrillator
Dimensions (W X D X H)	– 323.9 mm X 182.2 mm X 349.3 mm (12.75 in. X 7.18 in. X 13.75 in.)
Weight	– 1.88 kg (4.14 lb)
Composition	Aluminum, plastic and rubber
Total Safe Working Load (SWL)	11.34 kg (25 lb)
Operating Temperature	– 35° C to 45° C (– 31° F to 113° F)
Options	N/A
