

## Bracket Pro Serie™ 35

Mounting system for Monitor / Defibrillator Physio-Control LP-15

### Characteristics

- Lightweight
- Compact size
- Swivel base 360°  
**with locking system**
- Quick Release and re-attachment
- Safe and Easy
- Immediate access
- Match with other mounting systems from us

### Application of use

- Crash cart
- Ambulance
- EMS Vehicles
- Stretcher/cot
- Military Vehicles

### Advantages

- Minimum space for installation
- No vertical release
- Latex free
- Resist to the biological fluid
- Insensitive to rust
- 1 year full warranty

Any medical equipment that has been inadequately installed in ambulances, other emergency medical service (EMS) vehicles or crash carts, can potentially pose a serious risk or become dangerous in the event that the vehicle makes frequent or sudden stops, turns or rushed departures. This situation can result in damaged expensive medical equipment or even inflict injuries on a patient, ambulance personnel or clinic staff.

Our locking systems **Bracket Pro Serie™ 35** are designed for fast access to the unit, with little effort in times of emergency uses. Features include lightweight design, incorporates a Quick Release/ reattachment mechanism and anodized finish of 15 microns for scratch and corrosion resistance. When inserted into the **Standard Surface Base**, it allows a 360 degrees rotation of

the medical device while securely locked.

To spare the expenses of costly repair or replacement of the equipment, medical care and possible legal redress for injury, consider outfitting your EMS vehicle or crash cart with a deployment system for monitor and/or defibrillator. The mounting systems offer different configurations for most external defibrillators on the market. The deployment of the unit is almost instantaneously when engaging the release button on the base. The complete assembly has been tested for «G» Force tolerances and compliant with SAE standards.

### About Us

**Technimount System** creates mounts and brackets for portable medical devices such as defibrillators, ventilators, and pumps, that adapt to different brands of medical equipment for OEM ambulance manufacturers, EMS users, and hospitals.

For use with model **Physio-Control « LIFEPAK®15 »** Monitor / Defibrillator

## TECHNICAL SPECIFICATIONS

<b>Product name:</b>	<b>Bracket Pro Serie™ 35</b>
<b>Compatibility model:</b>	Physio-Control « LIFEPAK® 15 » Monitor / Defibrillator
<b>Environment of use:</b>	EMS / Hospital – Clinic – BioMed Dept. – Military hospital -
<b>Material:</b>	Base: Aluminum high density w/ anodize process Device section: Aluminum high density w/ anodize process
<b>Temperature of use:</b>	- 35° C @ 45° C (Direct conduction)
<b>Impact Resistance<sup>1</sup>:</b>	<b>(30«G»)</b> Plus 10% safety factor ( <i>On certified hook</i> )
<b>Nbr of installation point:</b>	4 points on surface base: 9 points on device mount
<b>Dimensions (both parts assy- overall):</b>	13-7/8" Width X 7-1/8" Depth X 6-1/4" overall (inch.)
<b>Rotation:</b>	360° degrees <b>with locking system</b> (Standard Surface Base) 15° degrees both sides <b>with locking system</b> (Extended Surface Base)
<b>Features:</b>	- With or without Carry case protector - Compatible with <b>Technimount Stretcher Safety Arm System</b> - Compatible with Extended Surface Base - Free access to all connectors and accessories (top)
<b>Weight:</b>	Total (2 parts) 2.9 lbs - <b>device section: 1.40 lbs.</b> -
<b>Options:</b>	Extended Surface Base (longer) Spacer Pro (height extension mount 3/8", 1/2", 3/4", 1", 1 1/4") Converter Pro (surface base cover for work space)
<b>Locking mechanism resistance:</b>	Tested 20,000 +press & release activations without any reduction in use
<b>Part number<sup>2</sup>:</b>	210-00-PC15 "Bracket Pro Serie™ 35" Complete Assembly
<b>Part number:</b>	210-10-PC15 "Bracket Pro Serie™ 35" Bracket Device Section Only
<b>Part number:</b>	100-20-UN "Bracket Pro Serie™ 35" Standard Surface Base Only

*Installation suggested*

<sup>1</sup> *Technimount System* works to meet and exceed all legal requirements in the deployment system for EMS vehicles, according to the Provincial & Federal Government regulations. It may not meet your local requirements, please contact your administrator.
