

Bracket Pro Serie™ 25—WOB

Mounting Bracket system for Monitor/Defibrillator ZOLL® X Series®

Features

- **SAE J3043 certified**
- Lightweight
- Compact size
- Designed for monitor without bag
- 360° Swivel base with locking system
- Quick Release & Reattachment
- Safe & Easy
- Immediate access
- Matches with our other mounting systems

Application of usage

- Mainly for hospital environments
- Crash Cart
- Ambulance
- EMS Vehicle
- Stretcher/Cot
- Military Vehicle

Advantages

- Minimum space required for installation
- No vertical release
- Biological fluid and sodium resistant
- Rust resistant
- 1-year full warranty

Any medical equipment that has been inadequately installed in an ambulance, other emergency medical service (EMS) vehicle or crash cart, can potentially pose a serious risk or become dangerous in the event that the vehicle makes frequent or sudden stops, turns or accelerates quickly. This situation can result in damage to expensive medical equipment or even inflict injury on a patient, ambulance personnel or clinic staff.

The **Bracket Pro Serie™ 25—WOB (Without bag)** is designed to give fast and easy access to the unit during emergency use. Features include small footprint design, lightweight and incorporates a quick release and reattachment mechanism. Since the footprint is smaller than the standard **Bracket Pro Serie™ 25**, the medical device can be packed in a bag with the mounting system.

Being lightweight, the end user won't even notice the mounting bracket when attached to a medical device.

To spare the expenses of costly repair, replacement of the equipment, and possible legal redress for injury, consider outfitting your EMS vehicle or crash cart with a deployment system for monitors and/or defibrillators. Our mounting systems offer different configurations for most external defibrillators on the market. The deployment of the unit is nearly instantaneous when engaging the release button on the base. The complete assembly has been tested for G-Force tolerances and compliant with SAE standards.

About Us

Technimount System creates mounts and brackets for portable medical devices such as defibrillators, ventilators, and pumps, that adapt to different brands of medical equipment for OEM ambulance manufacturers, EMS providers, and hospitals.

For use with **ZOLL® Defibrillator X Series®**

TECHNICAL SPECIFICATIONS

Product name:	Bracket Pro Serie™ 25–WOB
Compatibility model:	Monitor/Defibrillator ZOLL® X Series ® or PropaqMD
Environment of usage:	EMS/Hospital–Clinic–BioMed Dept. –Military hospital
Material:	Base: Aluminum– high-density with anodization process Device section: Aluminum– high-density with anodization process
Temperature of usage:	- 35° C @ 45° C (Direct conduction)
Impact Resistance¹:	(30-G) Plus 10% safety factor SAE J3043 CRIQ ref.48064
No. of installation points:	4 points on the surface base: 4 points on the device mount
Dimensions (Assy–overall): (Bracket Only):	13-1/4" Width X 9-3/8" Depth X 2-1/5" Thickness (in). 6-1/2" Width X 6-5/16" Depth X 1-1/4"
Rotation:	360 degrees with locking system (Standard Surface Base) 360 degrees with locking system (Extended Surface Base)
Features:	With or without carry case protector *Compatible with Technimount Stretcher Safety Arm System™ *Free access to all connectors and accessories (top)
Weight:	Total (2 parts) 2.96 lb – device section: 0.88 lb
Options:	Extended Surface Base Spacer Pro (height extension mount 3/8", 1/2", 3/4", 1", 1 1/4") Converter Pro (surface base cover for work space)
Locking mechanism resistance:	Tested 20,000+ "press & release" activations without any reduction in use
Part number²:	100-00-XZ-WOB Bracket Pro Serie™ 25–WOB Complete assembly
Part number	100-11-XZ-WOB Bracket Pro Serie™ 25–WOB Bracket Device Only
Part number	100-20-UN Surface Standard Base Only

Suggested Installation

¹ Technimount System works to meet and exceed all legal requirements in the deployment system for EMS vehicles, according to the Provincial & Federal government regulations. It may not meet your local requirements, please contact your administrator.

² Part number must be confirmed prior to sending purchase order. Technimount System reserves the right to make changes to the product, documents and technical specifications without notice and responsibilities. DOCUMENTS PRINTED IN CANADA.
