BENEFITS

Offers Security
to Patient
and Crew

Reduces Risk of
Damage or
Replacement of
Medical Equipment

Easy to Install and
Integrity of Medical
Device Respected

Easy Access to the
Medical Equipment,
Connectors and
Carrying Case/Bag

Uniform Use and
Compatibility with
all Technimount
Systems

BRACKET PRO SERIE® 25

The Bracket Pro Serie 25 is designed to secure and give you fast and flexible access to the ZOLL® X Series® monitor/defibrillator.

This Bracket Pro Serie complies with SAE J3043 recommended practice for Ambulance Equipment Mount Device or Systems.

FLEXIBILITY WHERE IT MATTERS MOST

When inserted into the Technimount Standard Surface Base, it allows for a 360-degree rotation of the medical device while securely locked. The quick release mechanism helps to deploy the unit almost instantly allowing users to easily access the unit with minimum effort in times of emergency.

YOUR SAFETY IS OUR PRIORITY

When it comes to air and ground ambulance transport, patient and crew safety is the main concern. Providing safe transport not only applies to the vehicle or aircraft itself but also to the ability to effectively secure medical equipment.

Having robust and certified mounting systems can help avoid costly repairs, complete replacement of equipment and possible injuries to patients and crew.

ABOUT TECHNIMOUNT

Technimount designs and develops mounting solutions for different medical equipment such as defibrillators, ventilators, and pumps or other devices, in hospital, EMS, or military environments.

Technimount is the only manufacturer to have a universal mounting system that can fit on multiple brands, models, and applications of portable medical equipment for ambulances, stretchers, and hospital environments.
