## BRACKET PRO SERIE® 35 HD

The Bracket Pro Serie 35 - Heavy Duty (HD) is made to secure your LIFEPAK® 15 Monitor/Defibrillator from Stryker.

The Bracket Pro Serie 35 HD is a rugged solution that was designed for tougher environments and more challenging emergency situations. Made for intensive use of medical devices, this lightweight bracket is thick and strong with an anodized finish of 50 microns.

The Bracket Pro Serie 35 HD is designed to comply with SAE J3043 recommended practice for Ambulance Equipment Mount Device or System.

## FLEXIBILITY WHERE IT MATTERS MOST

When inserted into the Technimount Standard Surface Base, it allows for a 360-degree rotation of the medical device while securely locked. The quick release mechanism helps to deploy the unit almost instantly allowing users to easily access the unit with minimum effort in times of emergency.

# YOUR SAFETY IS OUR PRIORITY

When it comes to air and ground ambulance transport, patient and crew safety is the main concern. Providing safe transport not only applies to the vehicle or aircraft itself but also to the ability to effectively secure medical equipment.

Having robust and certified mounting systems can help avoid costly repairs, complete replacement of equipment and possible injuries to patients and crew.

## ABOUT TECHNIMOUNT EMS

At Technimount EMS, we understand that EMS and Critical Care Transport teams need solutions that they can rely on. We design and develop quality mounting systems which are safe and flexible, allowing you to concentrate on what matters most - patient care.
