## IV STAND - 120

UNIVERSAL DUAL IV POLE

### MAKING HEALTHCARE PRACTICES MORE EFFICIENT

The intensive use Dual IV Stand - 120 is designed to mount pumps and fluid bags for use in clinical and hospital environments.

The Dual IV Stand-120 features two robust poles to securely mount multiple devices. Its six-legged steel base with a low center of gravity provide high stability. Its silent swivel casters allow for easier intra-hospital mobility.

At Technimount Medical, we understand that healthcare professionals need products that make their everyday practice easier. We design and develop quality solutions which are flexible and easy to use, allowing you to concentrate on what matters most - patient care.
