IV STAND - 130

UNIVERSAL TRIPLE IV POLE

MAKING HEALTHCARE PRACTICES MORE EFFICIENT

The intensive use Triple IV Stand - 130 is designed to mount pumps and fluid bags for use in clinical and hospital environments.

The Triple IV Stand - 130 features three robust poles to securely mount multiple devices. Its six-legged steel base with a low center of gravity provides high stability. Its silent swivel casters allow for easier intra-hospital mobility.

At Technimount Medical, we understand that healthcare professionals need products that make their everyday practices more efficient. We design and develop quality solutions which are flexible and easy to use, allowing you to concentrate on what matters most - patient care.
