TECHNI-CLAMP

FASTENING DEVICE FOR PUMPS AND
OTHER MEDICAL DEVICES ON IV POLES

MAKING HEALTHCARE PRACTICES MORE EFFICIENT

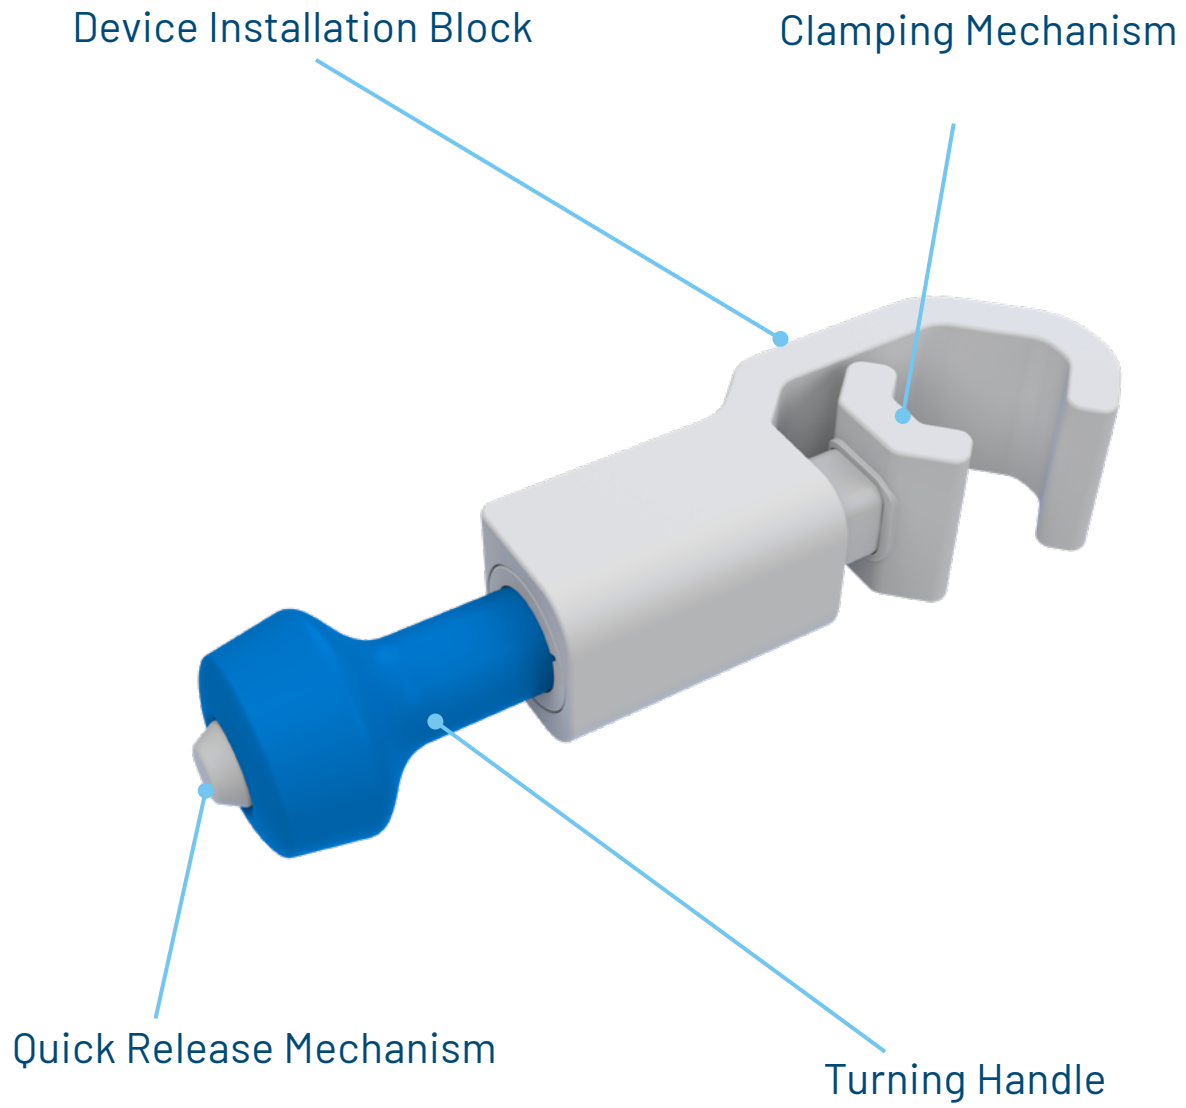

The Techni-Clamp is designed for the quick installation of pumps and other medical devices on IV Poles and tubular structures in the most ergonomic way.

With an innovative design that enables the intuitive installation and removal of medical devices, the Techni-Clamp is a true game changer in the medical practice. Its unique fastening mechanism secures medical devices instantly.

At Technimount Medical, we understand that healthcare professionals need products that make their everyday practice easier. We design and develop quality solutions which are flexible and easy to use, allowing you to concentrate on what matters most - patient care.

PRODUCT ILLUSTRATION

TECHNICAL SPECIFICATIONS

Product Name	Techni-Clamp
Product Description	Fastening device for the installation of pumps and other medical devices on IV poles or tubular structures
Environment of Usage	Hospital/Clinic, Home Care
Product Section Material	<ul style="list-style-type: none">• Acetal• Nylon
Certification Testing (In conjunction with an electrical device installed)	Designed in compliance with: <ul style="list-style-type: none">• IEC 60601-1 Ed. 3
Complying with Environmental Regulations	In compliance with RoHS 2, RoHS 3
Chemical Compatibility	Latex free
Compatibility	Compatible with: <ul style="list-style-type: none">• A wide range of IV Pole models and tubular structures• A wide range of IV pumps available on the market
Features	<ul style="list-style-type: none">• Universal device designed to secure medical devices• Quick release and fastening mechanism• Patented clamping system• Ergonomic turning handle that secures instantly• Highly resistant and lightweight material
Weight of the Techni-Clamp	0.4 lb (0,18 kg)
Maximum Weigth Capacity	15 lb (6.8 kg)
Physical Overall Dimensions	Width 1.88 in (4.8 cm), Length 6.5 in to 7.67 in (16.5 cm to 19.5 cm), Height in 1.57 in (4.0 cm)
Packaging Specifications	Width 7.0 in (17.78 cm), Length 2.37 in (6.02 cm), Height 2.0 in (5.08 cm)
Part Number	TCP-110-00
Other Models and Configuration Options	Contact Technimount Medical Customer Service for more information or for other options at customerservice@technimount.com

HEALTHCARE IS OUR PRIORITY

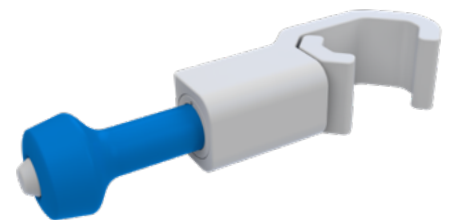

FEATURES

- ✔ Seamless quick release and fastening mechanism.
- ✔ Outstanding design with Technimount's patented technology.
- ✔ Universal device compatible with a wide range of IV pumps and other medical devices.
- ✔ Ergonomic turning handle that fastens into the pole instantly.
- ✔ Made of highly resistant and lightweight material.
- ✔ Designed in compliance with IEC 60601-1 Ed. 3.

BENEFITS

- + The easy-to-use quick fastening mechanism secures the medical device on pole instantly.
- + Improves user experience and allows for the intuitive installation and removal of medical devices on IV Poles and tubular structures.
- + Highly versatile solution to accommodate the most used medical devices in the industry.
- + Lower risk of injury for professionals due to the ergonomic system that reduces repetitive motions.
- + Long lasting solution completely adapted for the hospital environment.
- + Time-saving solution that allows healthcare professionals to focus on the patient care.
