UNIVERSAL MOUNTING BASE

MEDICAL DEVICE SURFACE MOUNT

MAKING HEALTHCARE PRACTICES MORE EFFICIENT

The Universal Mounting Base is a lightweight and highly versatile solution designed to easily install and remove a medical device on various surfaces in clinical and hospital environments.

The Universal Mounting Base is compatible with all Bracket Pro Serie® products with a Standard Bottom Disc. Its Sliding Lock Mechanism secures the medical device perfectly ensuring safety to healthcare providers when in motion.

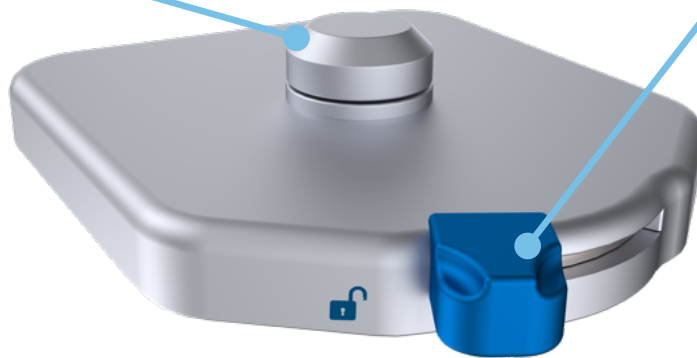

At Technimount Medical, we understand that healthcare professionals need products that make their everyday practices more efficient. We design and develop quality solutions which are flexible and easy to use, allowing you to concentrate on what matters most - patient care.

Product Description	Medical device surface mount
Environment of Usage	Hospital/Clinic
Product Material	<ul style="list-style-type: none">Aluminum with silver or blue anodized finishStainless SteelAcetal
Product Finish	Handle: Aluminum with blue anodized finish
Certification Testing (with an Electrical Medical Device Installed)	Designed in compliance with: <ul style="list-style-type: none">IEC 60601-1 Ed. 3
Environmental Regulations	In compliance with RoHS 2, RoHS 3
Chemical Compatibility	Latex free
Compatibility	Other Technimount's component required: <ul style="list-style-type: none">Bracket Pro Serie® with a Standard Bottom Disc (Bracket for the medical device)Flex AdapterCart Adapter
Features	<ul style="list-style-type: none">Sliding Lock Mechanism for quick and easy installation and removal of medical device by userRobust mounting solution for medical environments360° rotation of medical deviceAccess to all controls and accessories
Weight of the Universal Mounting Base	2.3 lb (1.05 kg)
Maximum Load Capacity	40 lb (18.14 kg) on a horizontal surface
Physical Overall Dimensions	Length 8.25 in (21 cm), Width 6.5 in (16.5 cm), Height in 1.63 in (4.1 cm)
Packaging Specifications	Length 8.66 in (22 cm), Width 6.69 in (17.5 cm), Height in 1.97 in (4.1 cm)
Part Number	101-20-UN
Other Models and Configuration Options	Contact Technimount Medical Customer Service for more information or for other options at customerservice@technimount.com

HEALTHCARE IS OUR PRIORITY

FEATURES

- ✓ Integrated Sliding Lock Mechanism for quick and easy installation and removal of the medical device.
- ✓ Compatible with all Bracket Pro Serie® products with a Standard Bottom Disc.
- ✓ Unique design provides a 360° rotation of the medical device installed.
- ✓ Surface mount for installation on roll carts, crash carts, auxiliary arms and wall mounts.
- ✓ Seamless surface made of aluminum with blue anodized finish and stainless steel.
- ✓ Designed in compliance with IEC 60601-1 Ed. 3.

BENEFITS

- + Secures medical device and ensures safety to the healthcare providers in movement.
- + Improved synergy between hospital and pre-hospital services.
- + Rotation provides accessibility to all medical device controls and accessories.
- + Allows for the installation in multiple applications.
- + Easy to clean and disinfect, highly-resistant to biological fluids and a wide range disinfectant solutions.
- + Responds to the highest standards in the clinical and hospital environment.
